**10,000 DOGS WILL DIE IN A "SHELTER" TODAY.
AN ESTIMATED 5-8 MILLION DOGS ARE KILLED IN THE U.S. EVERY YEAR.**

House of Hope is a small rescue that saves dogs whose time is up on the kill list. Most shelter dogs are highly adoptable, fully trained and simply don't have a home. Approximately 20% are pure breeds. Why are so many dogs killed?

- Puppy Mill Industry
- Irresponsible Pet Owners
- Backyard Breeders
- Dog Fighters
- Human Abusers

The single key to ending the horror of high euthanasia rates in this country is **Spay & Neuter**. Always spay or neuter your pets!

**Adopt. Rescue. Foster. Transport. Sponsor.
Donate. Volunteer. Educate. Care.**
